SUMMARY

Python Full-Stack Developer with Expertise in Django, Flask, and Angular, specializing in building scalable and efficient web applications. Experienced in optimizing database queries (MySQL, MongoDB) and developing RESTful APIs. Developed high-performance applications that improved response times and enhanced user engagement. Looking to contribute technical expertise in a dynamic environment.

CERTIFICATION

Python Full stack

Aug 2024 – Feb 2024

Naresh i Technologies

Remote

- Completed Python Full Stack Development course from Naresh i Technologies, Hyderabad..
- Gained hands-on experience in frontend (HTML, CSS, JavaScript), backend (Python, Django/Flask), and databases (MySQL, MongoDB).
- Built real-time projects and learned full-cycle web application development and deployment..
- Trained in industry-relevant tools and frameworks, enhancing skills in API development, version control (Git), and responsive web design.

PROJECTS

To-Do List Application | *HTML, CSS, JavaScript*

- Designed a task management app that streamlined productivity, showcased in personal portfolio.
- Implemented a responsive interface to ensure a seamless experience on all devices.
- Live Preview: [To-Do-List](#)

Digital Clock | *HTML, CSS, and JavaScript*

- Created a functional digital clock using HTML, CSS, and JavaScript.
- Utilized JavaScript's Date object to display real-time hours, minutes, and seconds..
- Live Preview: [Digital Clock](#)

Personal Portfolio Website | *HTML, CSS, Javascript*

- Designed and developed a personal portfolio website using HTML, CSS, and JavaScript..
- Implemented smooth navigation and interactive UI elements to enhance user experience.
- Live Preview: [Personal Portfolio Website](#)

Counter-App | *Angular framework*

- Developed a dynamic counter application using Angular framework with two-way data binding and component-based architecture.
- Implemented increment, decrement, and reset functionalities using event binding and reactive state management.
- Live Preview: [Counter-App](#)

EDUCATION

Gandhi Academy of Technology and Engineering

Master of Computer Application (MCA)

Berhampur, Ganjam

Aug 2022 – July 2024

Khemundi Degree College

Bachelor of Science (BSc)

Digapahandi, Ganjam

Aug 2019 – Nov 2022

SKILLS

Programming Languages: Python, JavaScript, TypeScript, Java, C, HTML, CSS

Frameworks: Django, Flask, Angular, RESTful APIs

Tools: Git/GitHub, VS Code, PyCharm, IntelliJ, Jupyter Notebook

Databases: MySQL, MongoDB

Other Skills: Pandas, NumPy, Matplotlib, AWS, Bootstrap, Firebase
